

FCC Commissioners  
The Federal Communications Commission RE: Docket 04-435  
445 12th Street, SW  
Washington, DC 20554

Dear FCC Commissioners ,

I am writing to voice my concerns about the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight.

I have a fear that cell phones could interfere with the operation of the aircraft and a definitive knowledge that it will interfere with my peaceful flight.

The use of cell phones, if allowed at all, should be confined to those phones already installed in the planes, and the cost for using them should be high enough to discourage idle chatter.

Please leave the current rules in effect.

Sincerely,

Victoria L. Enigk 1032 Radio Club Rd.
